Dear Patrons,

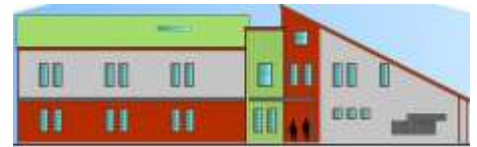

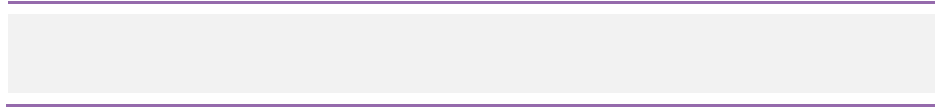

The Storey County Community Library staff misses our Patrons coming to the library in person. It has been a trying time to keep up with Covid-19 safety recommendations. The nice thing is we have 24/7 library resources online. Each month we add new links to expand our resources. Our webpage has been very active as we seek new resources, books and data provided free for our patrons. You may apply for a library card online. It is easy-peasy to access all of our online resources, including Libby by becoming a Patron today.

A Storey County Library Card application is available online at Storeycountycommunitylibrary.com under **Updates**.

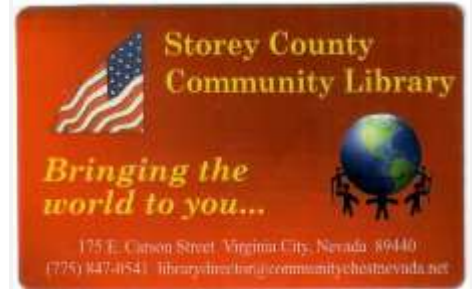

Our Library

The best thing about the Storey County Community Library is having the 21st Century technology on the premises and online. As such, we are able to offer the library as a resource center for our programs within Community Chest. The students attended the summer program with indoor space to separate the groups in a safe manner. Now that fall is in the air and school is back in session, the Library is available with an aide to provide the space for the before and after school programs, including tutoring for the students to enjoy a safe place to socialize, learn and grow together. Plus, the space provides a place for essential workers to leave their children. As a resource center we are helping to meet the needs of the community during these challenging times.

Please note, this month we will be posting activities, stories and new resources on our Facebook page to celebrate and learn about the holidays throughout the end of the year. Stay safe and healthy!
