Craft Clubs Wanted!

If you are interested in holding a craft club, stop by the Library and talk with Sandy about your dream project. We would like to hold several groups that are available during the day for all ages, including book clubs, recipes, quilting, photo books, technology, and STEAM activities. Bring your talent and skills to the Library.

It's (Still) All About Libby

We would like to remind our Patrons about "Libby", a books app that allows kids to browse and borrow e-Books and audiobooks from our Library's Libby app. Even little kids can access picture books with read-along audio, making some books more accessible to early readers. One of the modern redeeming qualities of family road trips is the audio book. Now, thanks to Libby, an app that gives you access to thousands of audiobook titles free, it's easier to load up your family favorites and keep everyone entertained.

Here are a few of the more recently added books for our younger readers.

But Wait!! There are thousands of titles for all ages available through Libby.

If you find yourself in warm weather this summer, stop by the Library for some A/C relief and browse our books and DVD'S. Cool down and enjoy some quiet time.
